IMPLEMENTATION REFERENCE

Colour & typography

Matched to the approved Mathology Class 10 brand. The standalone HTML contains the embedded font, logo and shared styles.

ROLE	HEX	USE
Sky blue	#72C8F4	Both covers, progress bars, Learn accents
Sunshine yellow	#F8CF29	Chapter number badges, Challenge accents
Bold pink	#CC0047	Section labels, contents numbers, cover motif
Cream	#FFFEF7	Main page background
Ink	#252333	Headings, body, figures
Muted plum	#514762	Captions, metadata, neutral evidence status
Line	#C8BDCA	Table dividers and status outlines
Pale blue	#DFF1FB	Summary cards, table headers, chapter statistics
Pale yellow	#FFF5C7	Supporting metric cards
Pale pink	#FBE5ED	Supporting metric cards; report extension
Blue shade 1	#EDF6FC	Fewest / inactive days
Blue shade 2	#B8DDF3	Low activity
Blue shade 3	#72B9E3	Medium activity
Blue shade 4	#357FAF	Higher activity
Blue shade 5	#164B70	Most / active day in this report
Heatmap border	#C2DAEB	Inactive day outline
Notes blush	#FFF8FB	Notes page background
Notes pink	#F3B6CB	Light pink top-rule accent
Notes rules	#B8AAB3	Printable writing lines
Recommendation fill	#F1F7FA	Recommendation cards; report extension
White	#FFFFFF	Logo backing

Zalando Sans SemiExpanded

400 body · 700 bold · 750 labels · 800 titles and figures
Titles 29 pt · body 11 pt / 1.5 · labels 9 pt
Both covers 37 pt · metrics 27 pt · captions 8–9 pt

EDIT HANDOFF

What changed

1. Replaced the gradient cover with approved sky blue and restrained yellow/pink geometry; applied the supplied colour logo on a white backing.

2. Standardised all typography to the brand font and made labels, values and descriptions easier to distinguish.

3. Matched the back cover to the front: sky blue, identical logo placement, yellow/pink motif and dark type. Applied a five-shade blue activity scale and pale blush Notes page with 19 printable rules.

4. Kept evidence statuses neutral: brand colour does not imply mastery, success or weakness.

5. Used the full A4 page with consistent spacing, replacing the original smaller report panel surrounded by excess print whitespace.

6. Removed browser-generated timestamp, URL and duplicate page numbering. Added one consistent page footer on internal pages.

7. Reflowed the dense chapter page and recommendation page so available text is no longer cut at the page edge.

8. Expanded three visibly truncated chapter names to their standard full titles: Introduction to Trigonometry; Some Applications of Trigonometry; Surface Areas and Volumes.

9. Added clickable contents links in the editable HTML/PDF export.

Page and component settings

A4 portrait · margins 18 mm left/right, 19 mm top, 20 mm bottom · 3 mm top rule · 4 mm card radius · 6 mm card padding · 5 mm card gap · 0.25 mm dividers.

Content preserved

Same 12-page order, data, skills and evidence judgements. The source lists 18 recommendations but shows five; the fifth has no visible description. No missing recommendations or text were invented.

Editing

Use the standalone HTML and detailed Markdown guide. Print at A4, 100%, no margins, backgrounds enabled, browser headers/footers off. Recheck pages 8 and 10 after changes.
